*Over the past 5 years we have purchased a 10.5 foot cast slab walnut table, an 8 foot X-base table for our kitchen, a Divide Bench, and the Sutter Sideboard credenza. Every piece is absolutely beautiful, fits with the aesthetic of our 1920s Craftsman house here in Northern California and is made to be eventually given to my grandkids once my little ones have little ones of their own. I plan to keep adding to our collection as new products come onto the market!* S.C., End User, California, 2014

*Custom designed a light for our kitchen remodel...Beautiful light, functional, and the center piece of our kitchen. Rob Zinn was able to custom powder coat and match the light exactly to spec. The work was completed on time, and the communication was excellent. Highly recommend.* E.D., End User, California, 2014
